Lunch Balance Sweep Card

A tiny monthly habit that stops the "your child owes $23" email.

HOW TO USE THIS CARD

One school-night a month (payday? trash day? the first Monday?) spend **five minutes** on this card. Log in to the district lunch portal, peek at the balance for each kid, refill if it is low, and jot the date and amount on a line below. If you ever pack lunches instead, circle **PB** and reset next month. Pin this card inside a cabinet door by the snacks — the snackiest place in the house.

Tip: June balances sometimes roll into next year, and refunds need a form that takes a weekend to process. Do the May and June sweeps twice as nicely as usual.
