Activities & Fees Calendar

Clubs, sports, lessons, picture days — and the money attached to each.

HOW TO USE THIS SHEET

Copy dates off flyers, the district website, and that one crumpled note from the folder when the season starts. Fall and winter versions are on the front; spring on the back. The point is not a perfect calendar — your phone already does that. The point is the **cost column**: seeing all the fees in one place means no surprise $200 month in March. Add a total at each season's end and you will budget next year in five minutes.

FALL & WINTER

	ACTIVITY / EVENT	DAY(S) & TIME	STARTS	ENDS	COST / FEE	PAID?	GEAR / NOTES
1							
2							
3							
4							
5							
6							
7							
8							

FALL + WINTER TOTAL: _____ **ONE-TIME DATES TO REMEMBER (PICTURE DAY, HOLIDAY SHOW):**

_____

SPRING & SUMMER

	ACTIVITY / EVENT	DAY(S) & TIME	STARTS	ENDS	COST / FEE	PAID?	GEAR / NOTES

2							
3							
4							
5							
6							
7							
8							

SPRING + SUMMER TOTAL: _____ **YEAR'S GRAND TOTAL (NEXT YEAR'S BUDGET):** _____

Tip: two separate checks mean two sets of fees, copies of the same waivers, and double the chaos. Anything your school runs, join through the school office if you can.
